ABOUT CIT

V. Rangaswamy Naidu Educational Trust (VRET) devoted to the cause of promoting technical and scientific literacy, established Coimbatore Institute of Technology (CIT) in Coimbatore, Tamil Nadu, South India in 1956. CIT is one of the most reputed and prestigious educational institution in India.

The Institute boasts of strong academic-industrial interaction and a high quality of research and consultancy. CIT, managed by a pedigreed lineage for the past 69 years, enjoys national repute. The Institute has the services of competent qualified faculty and visionary management to enhance the quality of education at all levels and maintain position in emerging global scenario.

ABOUT DEPARTMENT

The Department of Electronics and Communication Engineering was established in 1968 and offers undergraduate B.E. ECE and research Full time and Part-time programs. The department has a team of vibrant and dedicated faculty members with expertise in diverse areas such as Signal Processing, Wireless Communication, Networking, Image Processing, VLSI Design, RF Communication & Antenna Design, Embedded Systems and IoT. Over the years, the department has produced several doctorates and successfully executed funded projects from national agencies including AICTE, UGC, and DST. The curriculum is continuously updated under the Choice-Based Credit System to align with emerging technologies and industry trends. Students benefit from hands-on training, modern laboratories, and Industry-linked learning that foster innovation, problem-solving ability, and professional readiness. The department also maintains a strong Alumni network and excellent placement record, reflecting its longstanding commitment to academic excellence and societal development.
